

# PUMPKIN FUN

By GERALYN SY

Darling DEAR  
—COLLECTION—

## STEP 01

Start with a blue-ish grey 8.5x11 cardstock background. Cut a 6x6.5 rectangle of Flynn paper and fold down the top-right corner before adhering it to the middle of the page. Adhere a 3.5x5 photo on top of the rectangle and add a strip of washi tape below the photo.

## STEP 02

Adhere the 'Smile' wood veneer tag and wood veneer banner to the left of the photo. Cut a small strip of Monroe paper and adhere it below the wood veneer banner. Arrange title on the banner and below it, using the wood veneer alphabet and alpha stickers. Before adhering the title, mist the wood veneer alphabet letters with Lucille Mister Huey.

## STEP 03

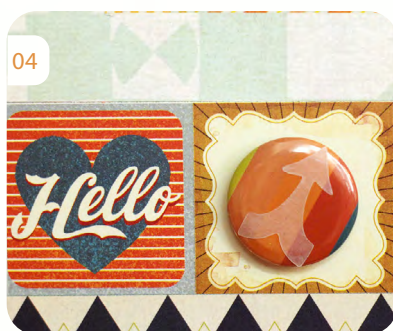

Cut out the ampersand, 'hello', frame, and 'darling' squares from the Temple paper included in the 6x6 paper pad. Arrange them below the 6x6.5 rectangle. Add a strip of Monroe paper below the four squares to make a border. Adhere a vellum arrow on the striped flair badge, then place the badge in one of the squares, making sure the arrow points towards the photo.
