

LUCKY STARS

By Maggie Holmes

Darling DEAR
—COLLECTION—

STEP 01

Use the dropper tool to splatter Audrey and Doris mists onto background page. Then, spray Doris mist using the regular spray top.

STEP 02

Spray Lucille mist onto the Wood Veneer Hello Dear title. Make sure you get a lot of mist down into the grooves and the letters. Then use a wipe or paper towel to rub off some of the mist on the raised parts. This will give the effect of having the recessed areas darker as shown.

STEP 03

Cut various sizes of patterned papers - some larger/smaller than others. Then layer the papers behind the photo as shown with some sticking out to each side. (Orange dot: 5x6; Floral: 4.5x4.5; Light Green: 3x4.5; White Dot: 3x2)

STEP 04

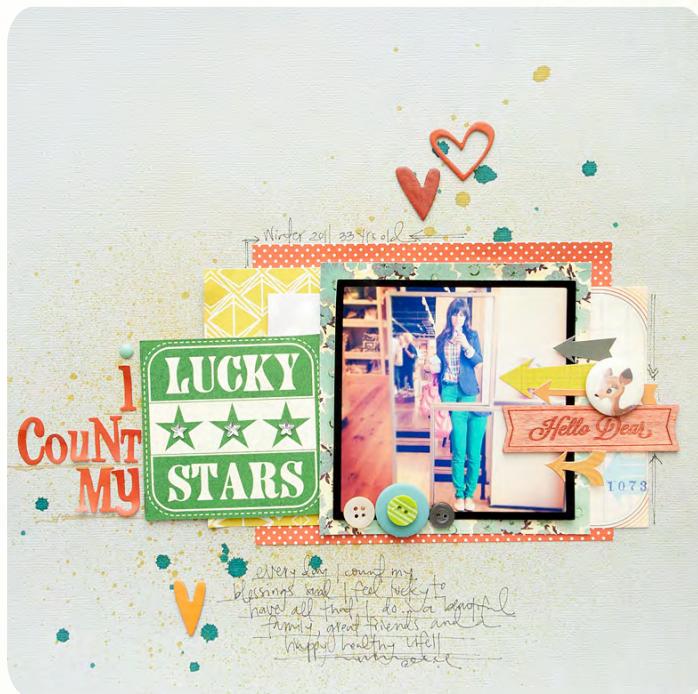

Cut out the title Lucky Stars and adhere it with foam squares. Adhere star rhinestones onto it.

STEP 05

Use the 12x12 sticker sheet to spell "I count my" next to the Lucky Stars piece. Also use the arrow stickers along with the Hello Dear piece over on the right side of the page.

STEP 06

Attach the chipboard star stickers, buttons and deer badge as shown. Then finish by using a fine black pen for journaling and doodles.
